

Nature Play Ideas  
**Woollahra Municipal Council**

# POCKET PLAYGROUNDS

*Site-specific nature play ideas to suit the needs of  
the community and encourage engagement*

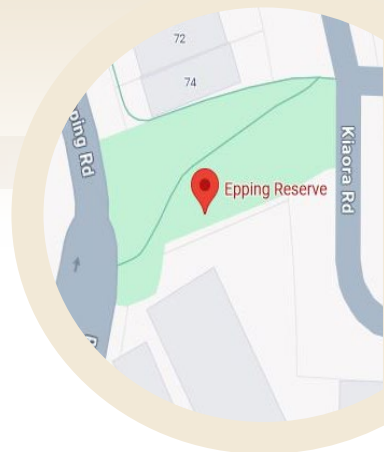

Initial ideas and concept layouts for enhancing the community space.

These comments and ideas are examples and guidelines only.

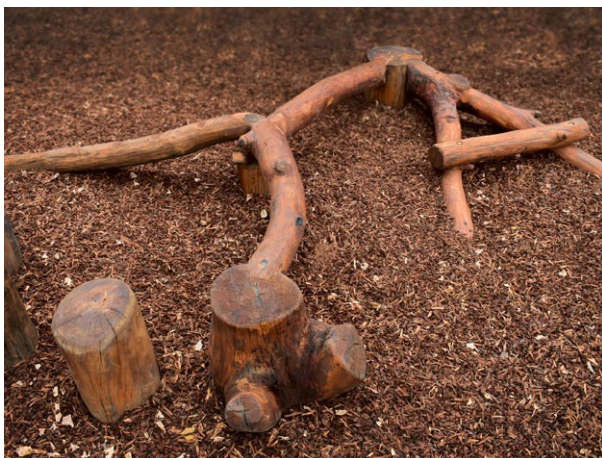

Installation location will be confirmed in conjunction with council representatives.

# EPPING RESERVE

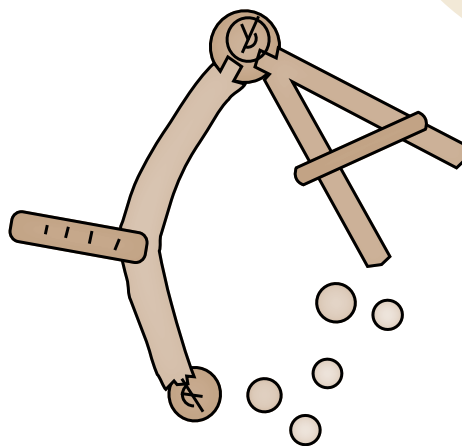

Proposed Area - 3 stations at various locations around the park

Log circuit going uphill and under tree canopy

Perfect for informal play and seating

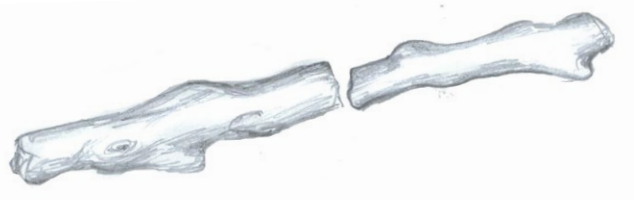

Dragonfly Sculpture on grass area

Sculptural and friendly for kids, with a very natural log look and seating platforms.

Great for textural nature play experiences.

Seating logs along treeline

Natural logs with interesting features and shapes, placed end to end - filling a currently unused narrow space with seating and balance

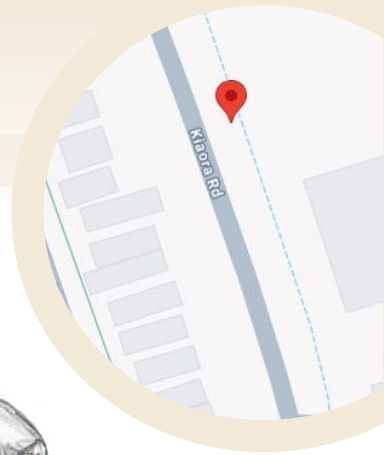

**Please Note** Timber Creations create playgrounds from reclaimed natural timber and shapes and sizes will vary from those shown here. Plan is to be used as a guide only, and example images indicative only

# KIAORA ROAD

Proposed Area - 3 stations along walkway between the road and easement

## Informal log overlay/balance

Used for both seating and play  
Can be constructed from customers branches at any size.

< See sample photos for regular sized log overlay (top)  
and a large feature sculpture constructed from customers  
Angophora (bottom)

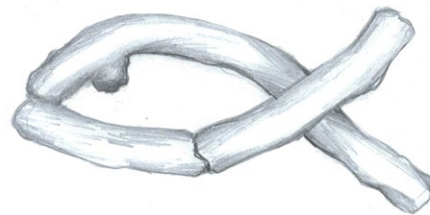

## "Peace sign" forked log

Great shape for groups while maintaining natural interesting feature of the fork

## Subtly shaped log group seating/garden beds

**Please Note** Timber Creations create playgrounds from reclaimed natural timber and shapes and sizes will vary from those shown here. Plan is to used as a guide only, and example images indicative only

## CUSTOM MADE FOR YOU

See something *almost* perfect?

Every piece created by Timber Creations is custom made, and so can be adjusted to suit your individual needs.

Let us know the way you would like it, and we will let you know if we can make it happen!

We can work with you, to discover the perfect design for each element, to cater for the age-group (or range), fitness level, abilities, theme and style required. We can even create play elements based on local stories or significant events!

The possibilities are endless, but don't worry, we have years of experience and a wealth of knowledge, and are happy to make recommendations and guide you through.

*Everything we  
make is handmade  
by expert  
craftspeople, to  
create perfectly  
suited play pieces  
that are unique  
works of art*

Even when you like the look of something we have made before, your play elements will always be individual, due to the carefully selected natural timber. We retain the natural beauty and special qualities nature has created.

All new playground elements will be unique - designed to suit the specific playspace as well as the natural form of the timber.

The Timber Creations workshop and design office is located on the Central Coast NSW, and we are a small team of highly qualified and experienced play experts. If you have any questions, ideas or inspiration you would like to share with us, please get in touch!
